Sortie d'air climatisation

A close-up photograph of a car's interior, specifically the center console. The main focus is a rectangular air vent with a light-colored, textured surface. To the right of the vent is a black gear shift knob with a white horizontal stripe. Above the gear shift, there are two black rectangular buttons. The surrounding plastic trim is also light-colored with a textured finish. A dark, possibly leather, surface is visible at the top of the frame. A semi-transparent watermark is centered over the image.

Boite de vitesse automatique

Bouton démarrage START/STOP

A close-up photograph of a rearview camera installed in a vehicle's interior trim. The camera is a small, black, rectangular unit with a lens in the center, mounted on a black plastic trim piece. To the left of the camera is a rectangular air vent. To the right is a rectangular slot, possibly for a USB or auxiliary port. The trim piece is mounted on a light-colored, possibly white, surface. A watermark "MOTORLAND" is visible across the center of the image.

Tableau de bord

Ecran tactile 8"

A close-up photograph of a black plastic panel, likely from a vehicle's interior. On the left is a circular 12V power port with a black cap and a silver-colored metal contact. To its right is a standard USB-A port. The panel is mounted on a light-colored, textured surface. A watermark 'MOTORLAND' is visible across the center of the image.

Port USB + Prise 12V

A close-up photograph of a car's interior, specifically the center console. The main focus is a rectangular air vent with a light-colored, textured surface. To the right of the vent is a black gear shift knob with a silver-colored ring. Above the gear shift, there are two black rectangular buttons. The surrounding plastic trim is also light-colored with a textured finish. A dark, possibly leather, surface is visible at the top of the frame. A semi-transparent watermark is centered over the image.
